

PLATIT a.s. designs, develops, manufactures and programs high-tech PVD standard coating units, being part of the family-owned independent Swiss technology company PLATIT AG. With about 150 employees, service, support and sales offices in Europe, North America and Asia as well as a broad network of distributors worldwide, PLATIT has installed over 550 coating systems and maintains close partnerships with its customers.

For our team, we are looking for a

### **Product manager (w/m/d),**

who will drive our growth internationally with a major responsibility for PVD coating systems produced in our Czech plant (Šumperk).

#### **Your responsibilities & tasks:**

- Initiate and evaluate hardware and software modifications of existing coating systems using your own technical knowledge and experience as a main driver
- Define the technical roadmap for future developments based on market needs and technical feasibility studies
- Establish technical documentation for processes such as operational processes
- Work closely with engineering teams to deliver with quick time-to-market and optimal resources
- Evaluate technical components as well as existing and potential suppliers
- Create buy-in for the product vision both internally and with key external partners
- Push product strategies with personal experience and translate it into detailed requirements and prototypes
- Drive product launches including working with public relations team, executives, and other product management team members
- Act as a product representative to build awareness and understanding inside and outside PLATIT

#### **Your qualification:**

- Experienced with product management or product development
- Technical skills and experiences – mechanical/electrical
- Industry Knowledge: In-depth knowledge and several years of practical experience in PVD applications/systems.
- Exemplary interpersonal, communication and project management skills
- Natural tendency to be positive, creative and curious

- Strong lateral leadership skills, including the ability to influence cross-functional & cultural teams.
- Driving license B
- Fluent in English, any other language is an asset

**We offer:**

- Being a central part of PLATIT's growth strategy
- Working in a result-driven team with flexible working hours and space for personal development
- International working environment
- Competitive salary with bonuses
- 5 weeks of holidays
- Company catering
- Pension contribution
- Contribution towards sport and culture activities
